Junior AV Technician

About the Role

Myles Audio Visual is seeking motivated and reliable Junior AV Technicians to join our growing team supporting premium venues and corporate events across Australia.

This role is ideal for someone looking to build a long-term career in live events and production. You will work alongside experienced technicians delivering conferences, gala dinners, executive meetings, weddings, hybrid events and large-scale productions within some of Australia's leading hotels and event venues.

As a Junior AV Technician, you will assist with event setup, pack down, equipment preparation and live event operation while developing hands-on experience across audio, vision and lighting systems.

What You'll Be Working On

- Corporate conferences and executive presentations
- Gala dinners and awards nights
- Hybrid and live-streamed events
- LED walls and presentation systems
- Audio systems, microphones and lighting setups
- Event setup, operation and pack down

What We're Looking For

Attitude & Presentation

- Positive attitude and willingness to learn
- Strong customer service and communication skills
- Professional presentation and punctuality
- Ability to remain calm and proactive in fast-paced environments
- Pride in delivering high standards of work

Experience & Skills

- Previous hospitality, events or technical experience is beneficial but not essential
- Basic understanding of audio visual equipment is advantageous
- Comfortable working flexible hours including early mornings, evenings and weekends
- Physically capable of lifting and moving AV equipment safely
- Valid driver's licence preferred

Training & Career Development

At Myles AV, we believe in developing technicians from the ground up. Successful applicants will receive ongoing training and mentoring across:

- Audio systems and wireless microphones
- Vision switching and presentation systems
- Lighting and event control systems
- Corporate event workflows
- Client communication and onsite professionalism

We actively support team members looking to progress into Venue Technician, Senior Technician and Production leadership roles.

Myles AV Standards

Our team represents Myles AV onsite every day. We expect all technicians to:

- Maintain a polished and professional appearance
- Deliver exceptional client service
- Communicate respectfully with clients, venues and team members
- Take ownership of their work and equipment
- Contribute positively to team culture and event delivery

Why Join Myles AV

- Work within premium hotels and venues
- Ongoing training and development
- Exposure to high-end corporate events and productions
- Career progression opportunities across multiple offices
- Supportive and experienced team environment
